SAP Fiori Client Application Installation Instructions

What is SAP Fiori?

Fiori enables users to access SAP applications easily across mobile devices, tablets, and desktop computers. The following applications are included:

- Employee Self-Service
  - IRIS Paystubs
  - My Benefits
  - My Leave Requests
  - My Team Calendar
  - My Timesheet – non-exempt employees only

Instructions for installing the SAP Fiori application on your smartphone are described in detail below.

1. Go to the App Store and search for **SAP Fiori Client**.
2. The **SAP Fiori Client** application will be displayed. Select the **Get** button to install the application on your device.

3. The SAP Fiori Client login screen will display. Select the **Log In** option. Do not select the Demo Mode option.
4. Tap on the *Enter SAP Fiori URL or work e-mail* field.

5. Enter the following SAP Fiori URL: [https://irismobile.tennessee.edu/fiori](https://irismobile.tennessee.edu/fiori) Select OK.
6. You now have the option of setting a passcode, or you may bypass this by selecting **Disable Passcode**.
